

## **School Screening Installation Case Study – St. Paul’s Girls’ School, London**

### **Background**

SingScreen was tasked with fulfilling an order for 24 units in September 2020.

### **The Timescale**

Delivery of the units came in two installments (an initial order of 2 units) which we fulfilled within 2 working days for trialling across the music department, and a further order of 22 units within the next working week, which we delivered within 7 working days.

### **The Quotation**

SingScreen quoted for Classic Units offering a modest educational discount.

### **The Product**

Our standard 1m x 1m x 0.003m (3mm) Screens on the Classic Stand. **(24 units delivered)**

## Installation and Final Commissioning

**Reviews** (St. Paul's Girls' School, London & Radley College, Abingdon, Oxfordshire)

They're all here and we're working through them – ***thanks so much for fulfilling the order so quickly.*** We're going to take a few pictures of them in use and tweet about them on our music account (@spgsmusic) next week.

*Music Department Administrator, SPGS, 6<sup>th</sup> October 2020*

We have SingScreen screens in every instrumental teaching room as well as our large ensemble spaces. ***They have provided a great deal of reassurance to our Visiting Music Teachers,*** adding an extra layer of protection on top of our other measures and ***enabling us to begin one-to-one lessons from the very start of the Autumn Term.*** The boys, too, have quickly got used to them. ***They are an added reminder that we are in unusual times and help to ensure that suitable distancing is maintained.***

Not only this, but they are ***very easy to move and position,*** and ***look smart too - which makes a big difference.*** They're ***relatively unobtrusive - it is quick to forget they are even there (in a good way!).***

*Precentor, Radley College, 6<sup>th</sup> October 2020*
